Re: Complaint Against Physical Assault

Hon'ble Sir ,

We, a group of students from South Asian University (Swapnomoy Chakraborty, Aditya Pratap Singh, Prathvi Singh Rajput, Ram Sharma, Anshul, Arnab, Nikhil, Anuj Dwivedi, Vaibhav Anand, Anand Upadhyay, Divya, Aesh, and many others), went to the new mess to partake in the **Mahashivratri Fasting Satvik Bhojan** arranged by the University. Upon arrival, we noticed that fish was placed in close proximity to the Satvik meal.

Respectfully, we requested the mess manager and staff to remove the fish from the vicinity of the Satvik meal, especially for today, as more than 100 students were fasting on the occasion of **Mahashivratri**. However, while we were politely making our request, **Yashada** intervened aggressively, started shouting, verbally abusing us, and even resorted to manhandling.

Suddenly, **Sudipto Niloy** stepped in and physically assaulted **Ratan Singh**, repeatedly striking his face. **Yashada** also joined him in the attack, hurling abuses at us and our families. They intentionally spilled fish on **Prathvi, Ram, Anshul, Swapnomoy, Vaibhav, and others**, despite knowing that we were all fasting. Additionally, **Yashada** scratched **Ratan Singh's** finger with her nails and continued shouting and insulting the fasting devotees gathered for the **Satvik meal**.

In the meantime, **Ankit Pandey, Sayani Majumdar**, and several of their friends intervened and started making offensive remarks against **Hinduism** and the fasting devotees.

Their group was strategically seated at different locations in both mess halls, deliberately creating disturbances and provoking us by repeatedly targeting our religious sentiments and intentionally placing fish near the **Satvik Bhojan**.

This is not an isolated incident. Such harassment has been ongoing. Every day, these individuals bully students who do not align with their ideology. Just yesterday, **Swapnomoy Chakraborty** was mentally harassed by the same **Sudipto Niloy** while returning to the hostel from the lab.

Previously, these actions were limited to closed spaces and WhatsApp groups. However, they have now escalated into open, public aggression, including physical assault and false allegations of sexual harassment.

As a result, many **multicultural students** are experiencing severe distress. We urge the authorities to take **strict action** against these students, as their behavior is poisoning the healthy atmosphere of our University.

This is not the only incident; many other incidents have already happened if the SAU administration can ensure proper action against them; these incidents will also be disclosed by other students as well.

Thanking you

Yours faithfully
